

# Total number of books and chapters in edited volumes/books published and papers in national/international conference proceedings year wise during 2016-17

1 Mr. Pardeep Mehta Fundamentals of DBMS

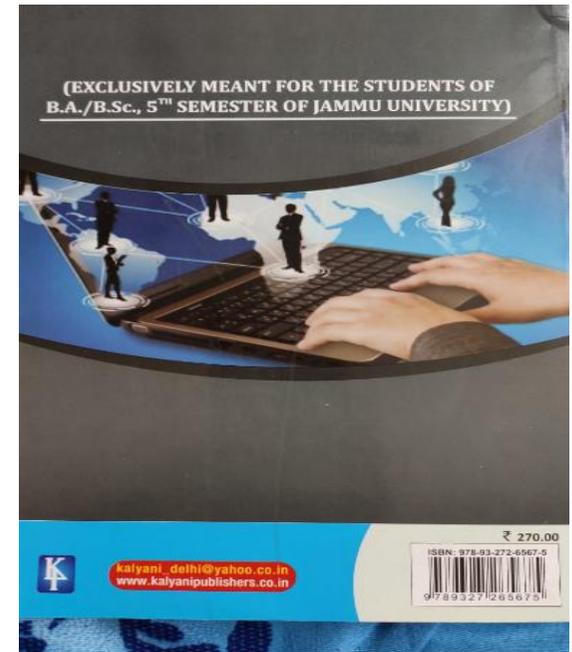

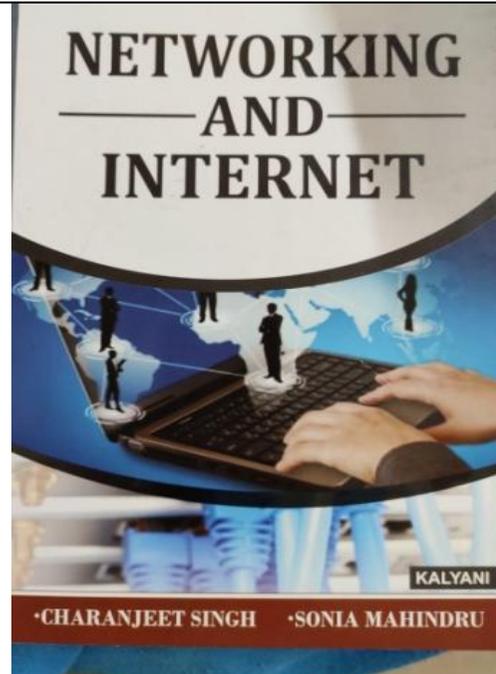

2 Ms. Sonia Mahindru  
A Text Book Of Scripting Languages, Web Designing and Uses of Internet

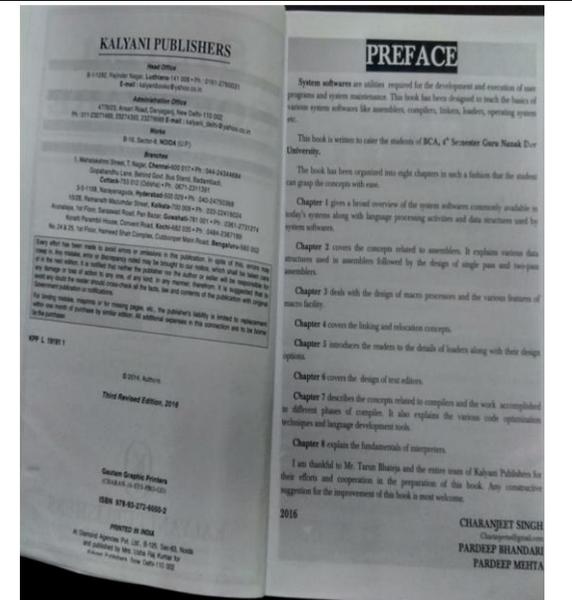

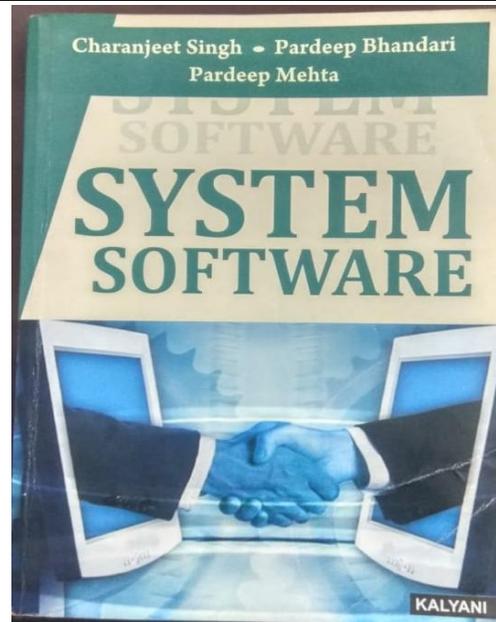

3 Ms.Sonia Mahindru

Networking And Internet

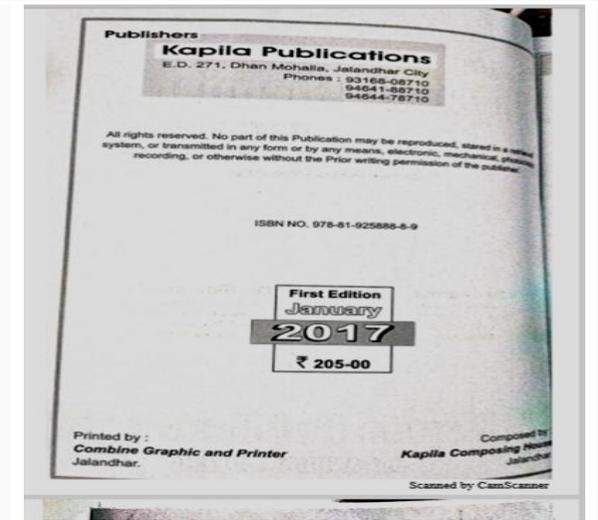

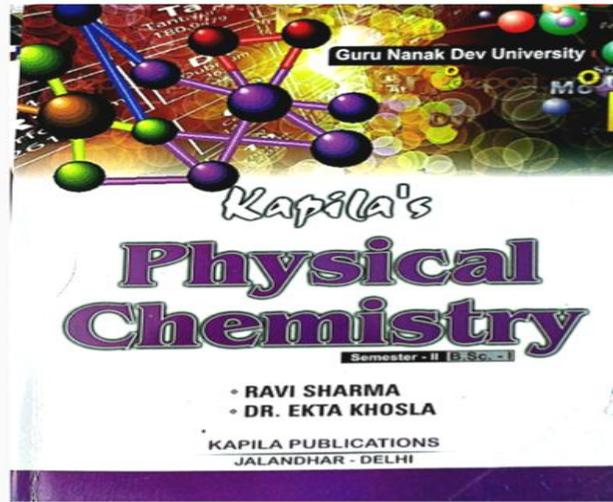

4 Mr. Pardeep Mehta

System Software

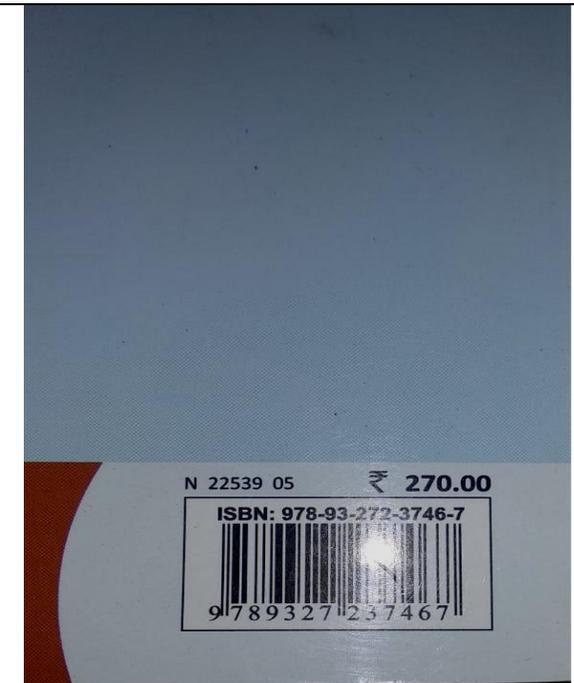

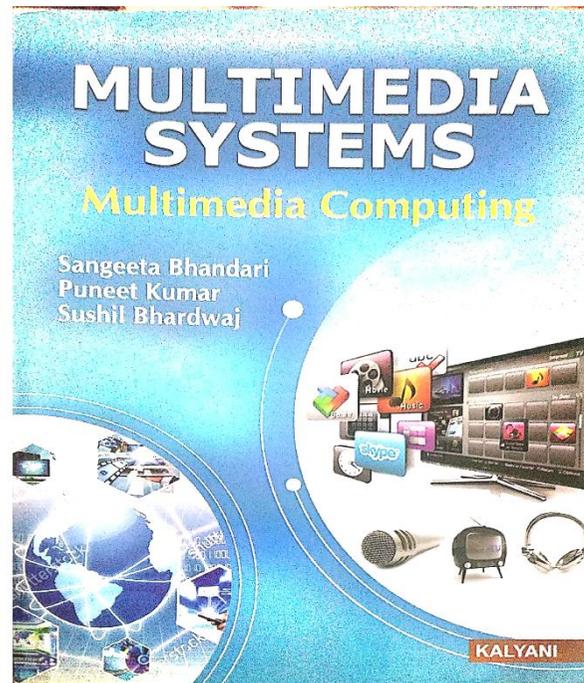

5 Dr. Ekta Khosla

Physical Chemistry

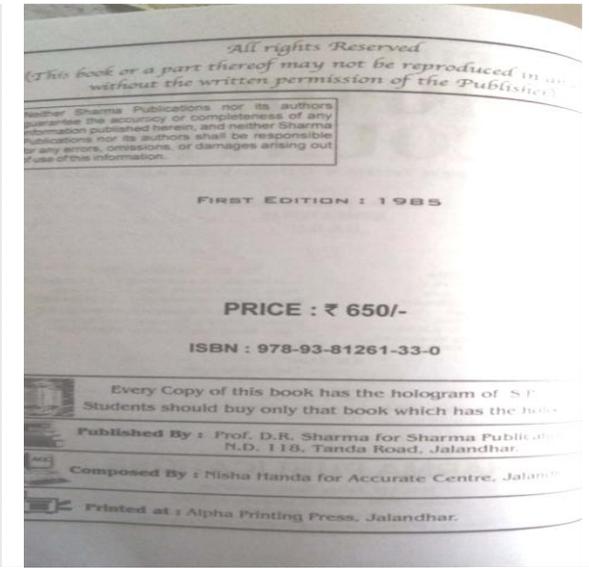

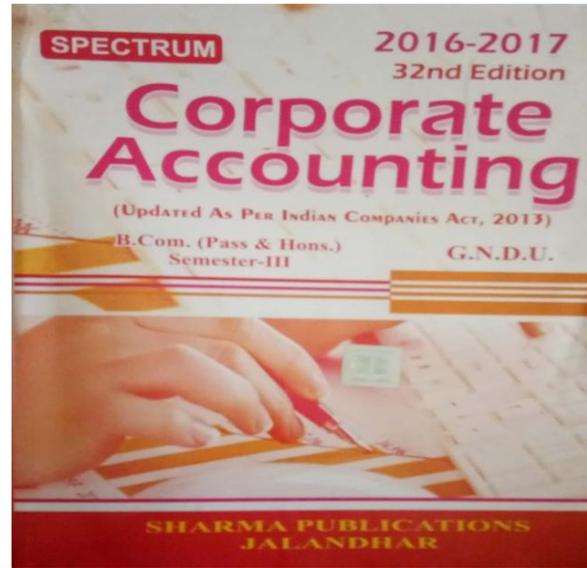

6 Mrs. Sangeeta Bhandari

Multimedia Systems

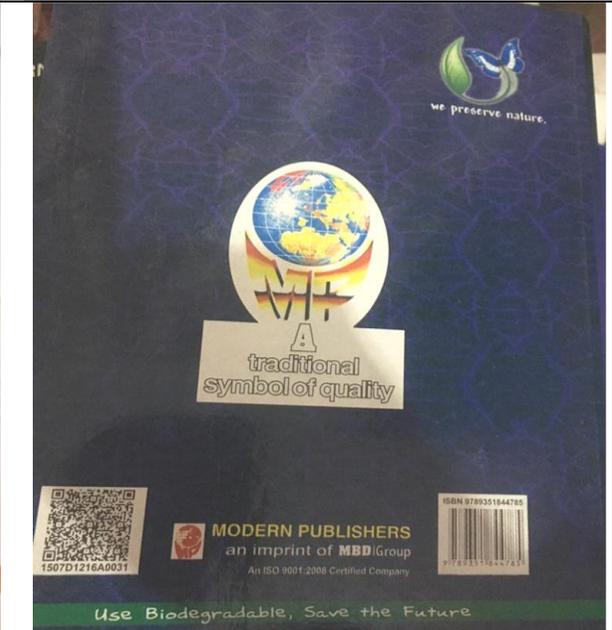

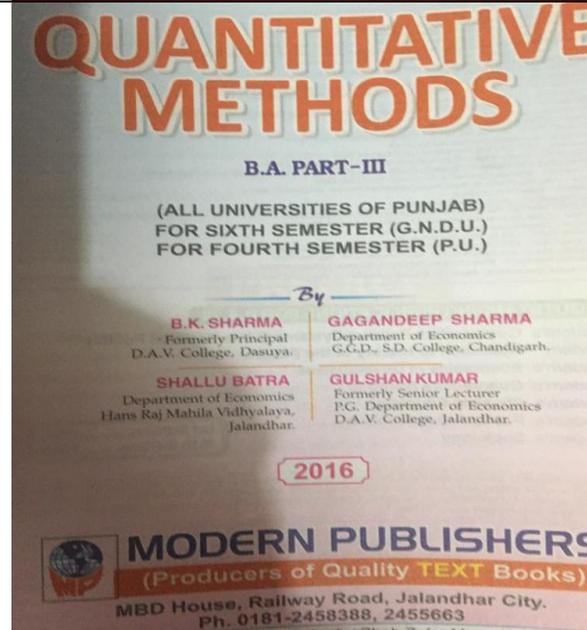

7 Dr. Kanwaldeep Kaur

Corporate Accounting

8 Ms. Shallu Batra

Quantitative Methods

9

Dr. Ekta Khosla

Editor of :

Proceedings Published after National Conference on Recent Advances for Quality Enhancement in Science and Technology

10 Mrs. Saloni Sharma

Editor of :

Proceedings Published after National Conference on Recent Advances for Quality Enhancement in Science and Technology

11 Dr. Anjana Bhatia

Editor of :

Proceedings Published after National Conference on Recent Advances for Quality Enhancement in Science and Technology

12 Dr. Nitika Kapoor

Editor of :

Proceedings Published after National Conference on Recent Advances for Quality Enhancement in Science and Technolog

13 Mrs. Urvashi

Editor of :

Proceedings Published after National Conference on Recent Advances for Quality Enhancement in Science and Technology

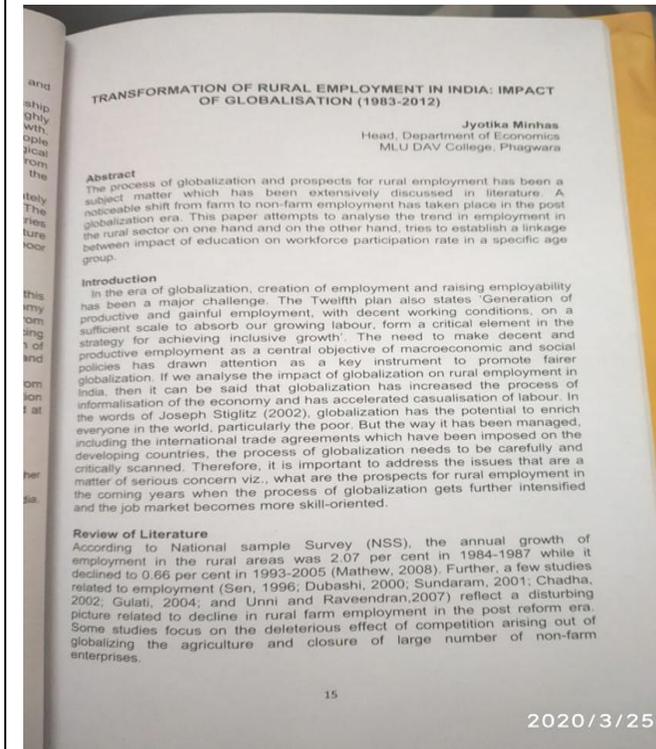

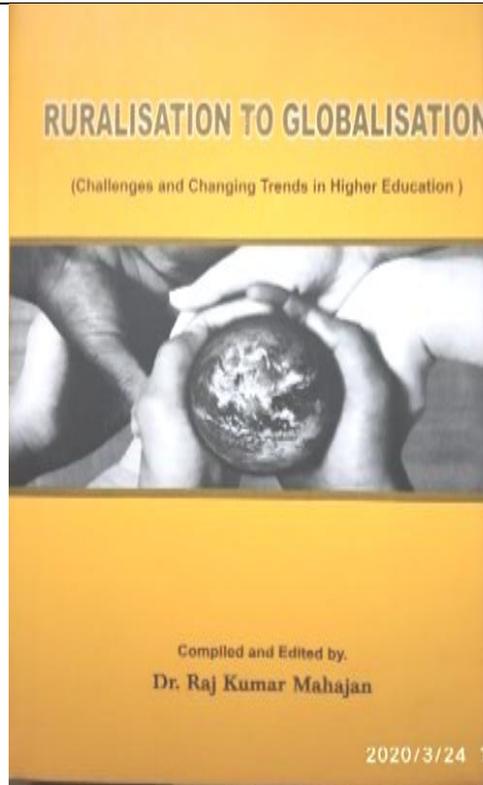

14 Mrs. Jyotika Minhas

Book Chapter Entitled

Transformation of Rural Employment in India : Impact of Globalisation (1983-2012)

In Edited Book :

Ruralisation to Globalisation: Challenges and Changing Trends in Higher Education

15  
Mrs. Yuvika

Make In India: A Step for Developed Economy  
Proceedings of National Conference on Make in India  
for Inclusive Growth -Initiative and Challenges

16  
Mrs. Shikha Chabra

Make In India: A Step for Developed Economy  
Proceedings of National Conference on "Make in  
India for Inclusive Growth -Initiative and Challenges

17  
Dr. Minakshi Duggal India for Inclusive

Make in India: Role of FDI  
Proceedings of National Conference on Make in  
Growth -Initiative and Challenges

**MAKE IN INDIA: A STEP FOR DEVELOPED ECONOMY**  
*Shikha Chhabra*  
*Yuvika*  
Assistant Professors in Commerce,  
Hans Raj Mahila Maha Vidyalaya, Jalandhar

**STRACT**

Make in India is an initiative of the Government of India to encourage MNCs and Indian companies to manufacture their products in India. This programme was launched by Prime Minister Narendra Modi on 25 September, 2014. This programme supports the Swadeshi Movement started by Mahatma Gandhi before Independence. The purpose of this programme is that India should emerge as the top preferred destination for foreign direct investment, surpassing China as well as United States. The purpose of this paper is to study the various initiatives taken by Government and their impact on Indian Economy. It enlists the efforts taken by various governments to make this initiative a success and also to analyse its progress over last two years.

**KEYWORDS:** Make in India, FDI and Government.

**INTRODUCTION**

"Come, make in India", "Come, manufacture in India". Sell in any country of the world but manufacture here. We have got skill, talent, discipline, and determination to do something. We want to give the world a favorable opportunity that come here, "Come, Make in India" and we will offer to the world, from electrical to electronics, "Come, Make in India", from automobiles to agro value addition "Come, Make in India", paper or plastic, "Come, Make in India", satellite or submarine "Come, Make in India". Our country is powerful. Come, I am giving you an invitation. (As said by Mr. Narendra Modi on eve of Independence Day)

Make in India is an initiative of Prime Minister Mr. Narendra Modi, who launched it on 25 September, 2014 with the objective of reaching top

Assistant Professor, PG Deptt. of Commerce and Management  
Hans Raj Mahila Maha Vidyalaya, Jalandhar  
*Mrs. Pooja Mehta (Corresponding Author)*  
Assistant Professor, Sri Aurobindo College of Commerce & Management  
Vill. Jhande, Ludhiana

**ABSTRACT**

The massive growth of globalization across the world has led economies towards the path of innovation where it becomes inevitable for the Government to come forward with new policies, systems, regulations and laws. It would not be wrong to say that only those economies can survive that adapt themselves to the knowledge driven environment. India, the sixth largest economy in terms of nominal GDP and third largest in terms of PPP (Forbes, 2016) also strives to do the same. Towards this direction the Government of India introduced the campaign 'Make in India' under the able guidance of Honorable Prime Minister Sh. Narendra Modi in year 2014 and make our economy self reliant. As a part of this initiative, an attempt has been made by Government to make the policy liberal and open the doors for Foreign Direct Investment (FDI) present

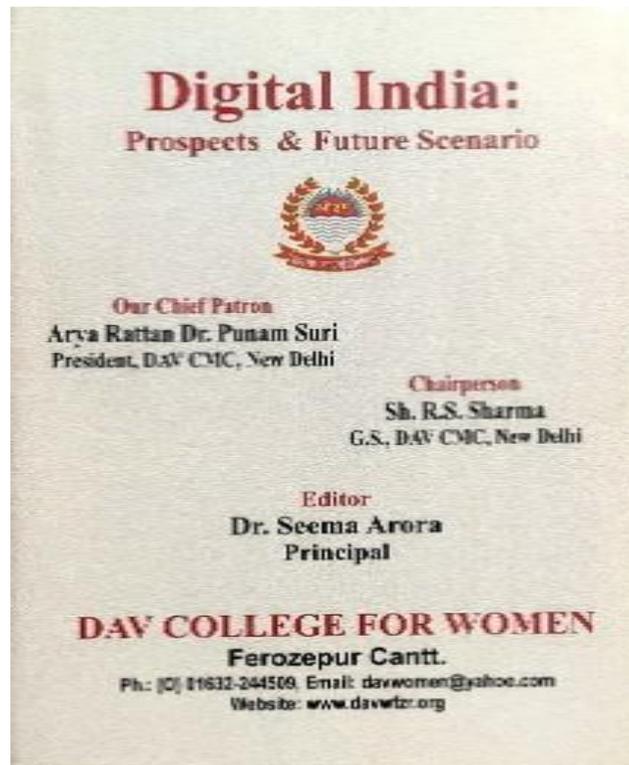

18 Mrs. Shefali Kashyap

Book Chapter Entitled:

Socio-economic Impact of E-commerce

In Edited Book:

Digital India : Prospects & Future scenario

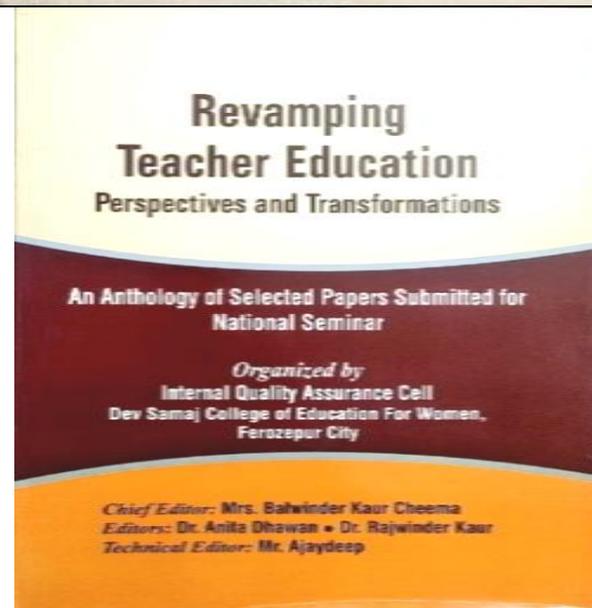

19 Mrs. Shefali Kashyap

Book Chapter Entitled:

Role of Technology in Growth of Commerce and Trade

In Edited Book:

Revamping Teacher Education: Perspective & Transformations

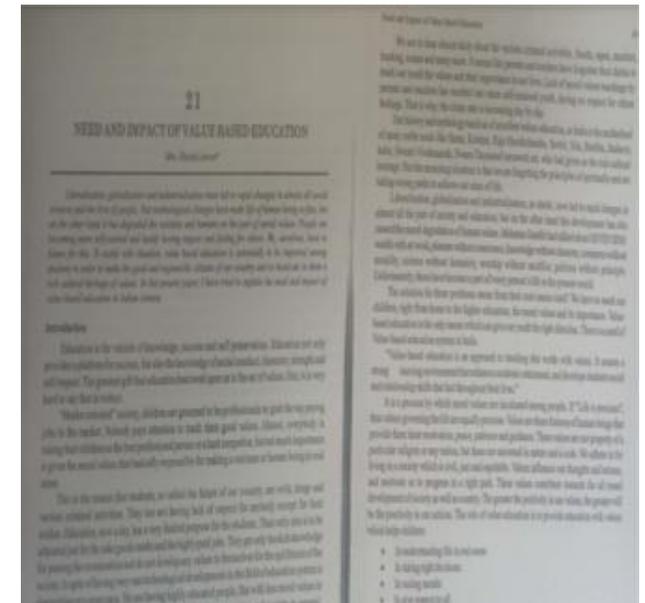

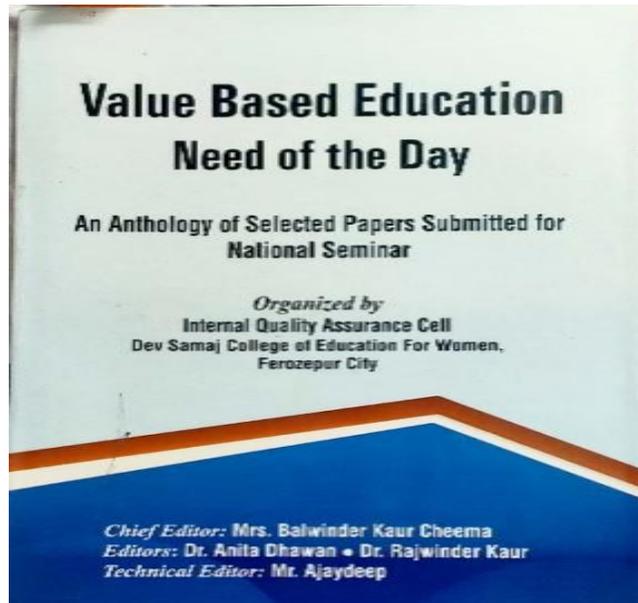

20 Mrs. Shefali Kashyap

Book Chapter:

Need and Impact of Value Based Education

In Edited Book:

Value Based Education: Need of the Day

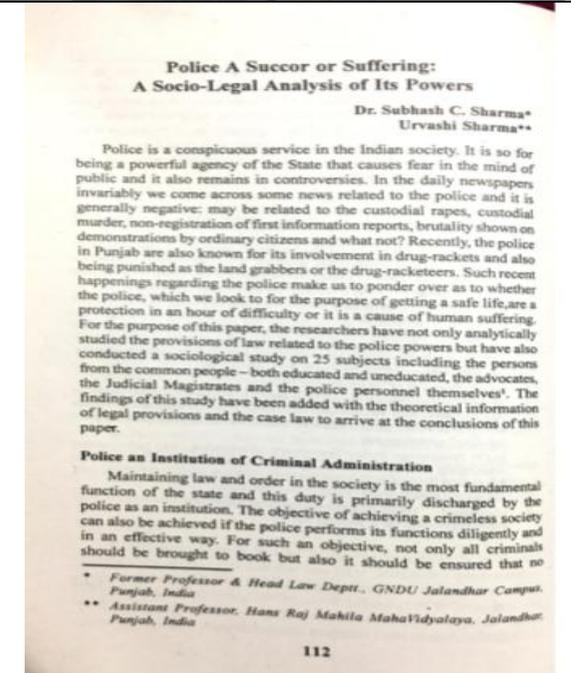

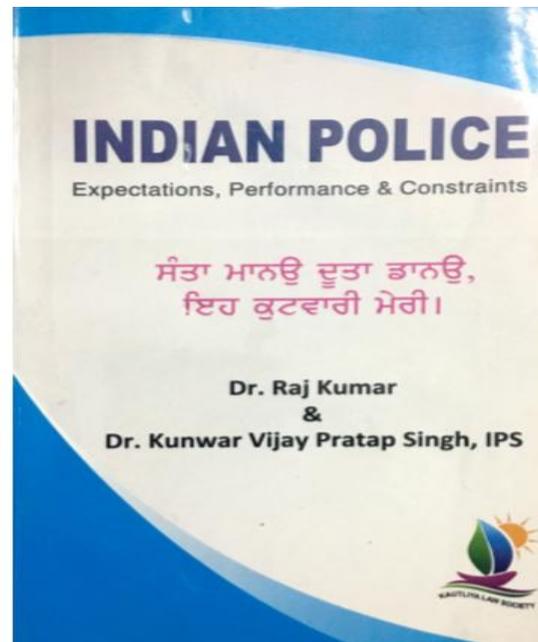

21 Mrs. Urvashi

Book Chapter

Police A Succor or Suffering: A Socio-Legal Analysis of its Powers

In Edited Book

Indian Police Expectations, Performance and Constraints

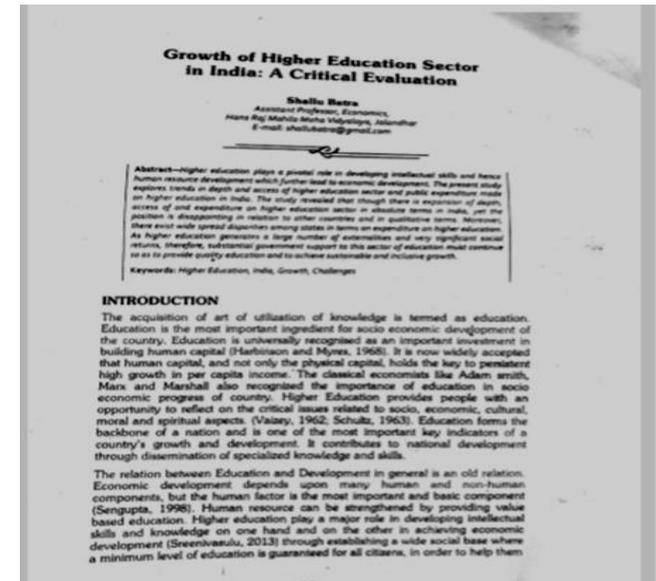

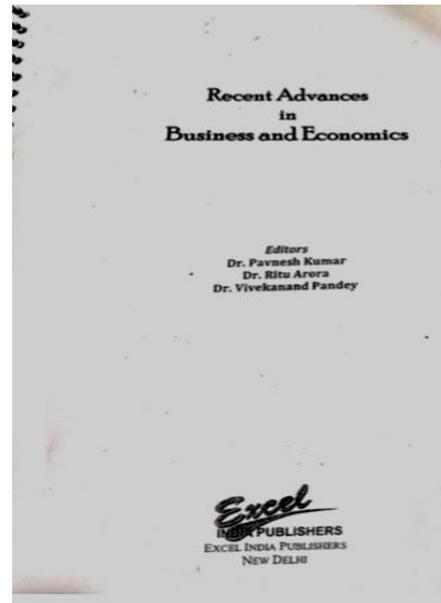

24 Ms. Shallu Batra

Book Chapter

Growth of Higher Education Sector in India: A Critical Evaluation

In Edited Book

Recent Advances in Business and Economics

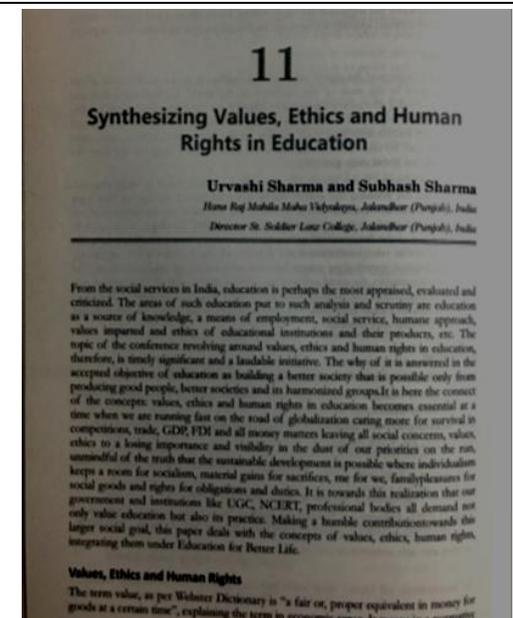

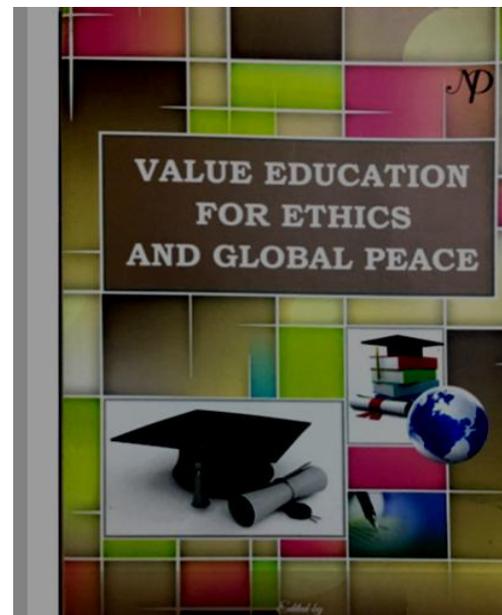

25 Mrs. Urvashi

Book Chapter

Synthesizing Values, Ethics and Human Rights in Education

In Edited Book

Value Education for Ethics and Global Peace

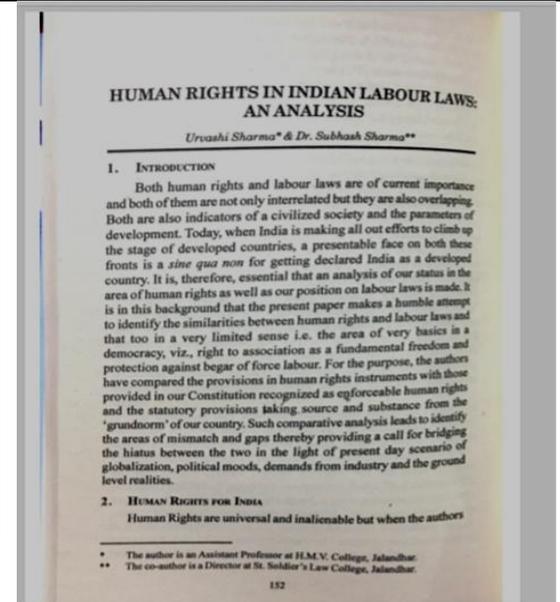

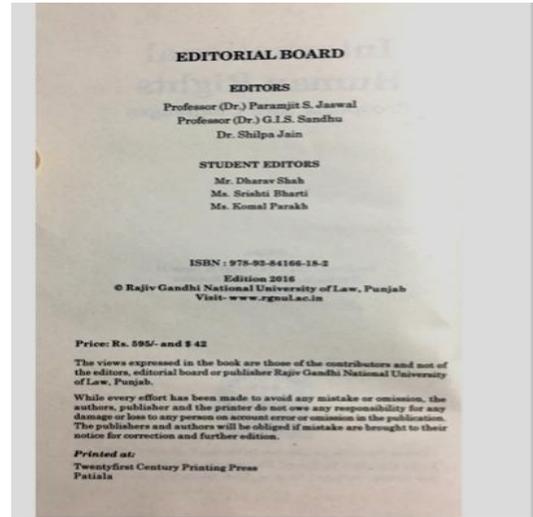

26 Mrs. Urvashi

Book Chapter

Human Rights in Indian Labour Laws: An Analysis

In Edited Book

International Human Rights: Prospects and Challenges

12. आधुनिक हिन्दी कविता में आदिवासी विमर्श - डॉ. सपना शर्मा	72

SHOT ON MI A1

Contributory Chapters in Proceedings Entitled National Conference on Recent Advances for Quality Enhancement in Science and Technology

29 Dr. Neelam Sharma

Chemistry of Organotin Compounds

30 Mrs. Deepshikha

Green Chemistry: A Tool to Save Environment

31 Dr. Ekta Khosla

Effluent Treatment Technologies: A Review

32 Mrs. Saloni Sharma

Different Techniques for Synthesis of Polyaniline and its Composites

33 Dr. Anjana Bhatia

*Euphorbia thymifolia* - A Review

34 Dr, Jitender Kumar

Genetic Diversity in Pulses

35 Mr. Sumit Sharma

Applications of Peptidyl-Prolyl cis-trans isomerases (**ppiases**) Enzyme

36 Dr. Nitika Kapoor

Antioxidative Responses of Plant to Salinity Stress

37 Dr. Harpreet Singh

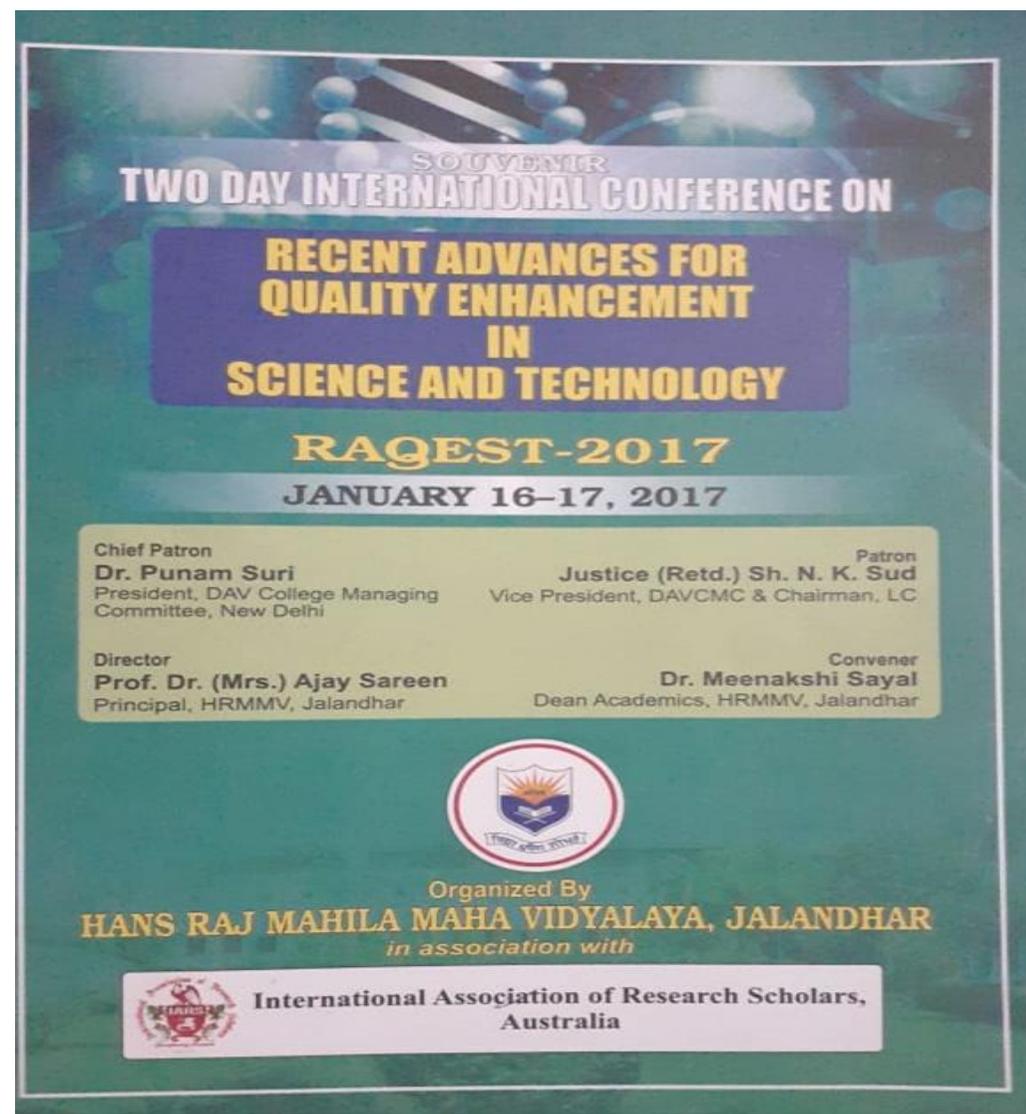

Gene Prediction using Fourier Transformation

38 Mrs. Purnima

Recent Trends in Bioinformatics

39 Mrs. Ramandeep Kaur

Algal Oil -The Third Generation Biofuels

40 Dr. Anjana Bhatia	
Curcumin-A Wonder Molecule	
41 Dr. Ekta Khosla	
Review of Reverse Micellar Techniques for Effluent Treatment	
Anjana Bhatia	
Antimicrobial Properties of some Plants of Moraceae family: A Review	
43 Dr. Nitika Kapoor	
Heavy Metals and Human Health	
44 Mr. Harpreet Singh	
QSAR (Quantitative Structure Activity Relationship): An Overview	
45 Ms. Harpreet	
Synthetic Polymers and their Uses	
46 Ms. Simmi	
Error Correction Convolution Codes- A Review	
47 Dr. Sakshi Verma	
An Overview on Cadmium Toxicity in Fish: Transportation Metabolism	
48 Dr. Seema Marwaha	
Epidemiology of AIDS	
49 Ms. Anchal Bawa	
Epidemiology of AIDS	
50 Mrs. Ramandeep Kaur	
Algal-Oil Producing Companies in World	
51 Mrs. Minakshi	
Essential Oil
