- HMV has gone an extra mile to ensure that the learning process continues even as the in-person teaching remains closed owing to the corona virus (Covid-19) threat. Principal Dr. Ajay Sareen said from uploading e-lectures & digital reading material to clarifying doubts online, college faculty worked hard to ensure the continuation of virtual learning. The college has its own E-Learning Management System and it is regularly updated with Video lectures, Power Point Presentation and PDF's. In a unique, first of its kind initiative, HMV offered other institutions to make use of its e-content. A number of national and international webinars were organized to make the students aware of the pandemic and get relieved from the stress by involving in positive thinking and creative activities. The college also arranged for the COVID test and vaccination camps in the campus for the faculty and staff members. NCC and NSS volunteers helped the people at public places to maintain social distance and wear masks. They informed needy people about the vaccination camps, availability of oxygen, beds, ventilators and made people aware about different Yoga activities and meditation which are conducive for our physical and mental fitness. Students distributed masks and sanitizers among the people of their vicinity.
