

Hans Raj Mahila Maha Vidyalaya , Jalandhar

PG Department of Chemistry

Academic Calender 2022-23

Sr No.	Tentative Time	Proposed Activity	Expected Outcome of Activity
1.	August 2022	Hands on training program on testing of water samples pH , conductance hardness COD & BOD	Developing Analytical skills in students.
2.	September 2022	Workshop on Isolation of Casein from milk samples	Learning to provide nitrogen source for infant formula and special diets for critically ill people.
3.	October 2022 (First week)	Science Marathon	Overall grooming of students
4.	October 2022 (Second week)	Guest Lecture on Green Chemistry	Learning Eco friendly working techniques
5.	November 2022	Workshop on Preparation of solutions	Learning to prepare standard solutions to know concentrations of chemical species.
6.	December 2022	Semester Exams and Winter Break	
7.	January 2023	i) Workshop on Synthesis of Nanoparticles . ii) Industrial Visit.	Learning to explore new properties of nanomaterials.
8.	February	National Science Day Celebration 28-02-2023	Inculcating scientific temperament in students.
9.	March	Programs on Safety measurements in Chem. Labs	Learning to avoid accidents and damage in lab and to environment.
10.	April	Workshop on First Aid	Developing concern and care for fellow human beings.
11	May	Semester Exams
