## **Entrepreneurship Development Policy**

**Our aim:** We strive to encourage students to consider self employment as a career option, enhance the relevance of entrepreneurship and to develop spirit of Entrepreneurship among the students. We aim to facilitate an institutional mechanism for promoting vocational programmes related to women and weaker sections of the society and further motivate the students to enrol in vocational programmes.

### **Our policy:**

- As per the guidelines of National Innovation and Startup Policy 2019, the college will work for development of an entrepreneurial ecosystem in the organization and integrate the entrepreneurial activities across various departments and faculties within the college.
- The college will create facilities like Institution's Innovation Council as per the guidelines of MHRD, Start up Laboratory, Innovation Cell and mobilize resources for developing an ecosystem for innovation and entrepreneurship.
- The institute will facilitate the startup activities/ technology development by allowing students/ faculty/ staff to use institute infrastructure and facilities with prior permission from the Principal.
- The college will extend entrepreneurship development facility to alumni of the institute as well on prior permission from the Principal.
- When facilities / funds of the college will be used by the entrepreneur/researcher or when IPR is developed as a part of curriculum/ academic activity, IPR will be jointly owned by inventors and the college.
- The college will make efforts to spread awareness among students, faculty and staff about the value of entrepreneurship and its role in career development or employability.
- The students will be encouraged to develop entrepreneurial mindset through experiential learning by exposing them to training in cognitive skills, by inviting first generation local entrepreneurs or experts to address young minds.
- The college will provide business incubation facilities to the potential entrepreneur.
